

WIRELESS SOCKS

High-Tech Sock

Real-time foot measurement

Walking distance

Heart Rate monitoring

With integrated biometric monitoring systems for day-by-day and sportswear biometric monitoring

Wearable sensors

Knitted conductive yarns

Flexible conductive bands

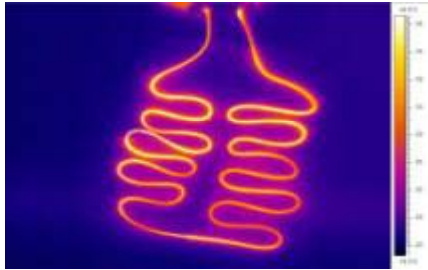

Bluetooth antenna

Smartphones connection

HEATING GLOVE

Sensors/Actuators

Wearable and Flexible

Hand temperature control and monitoring
Actuation through heating

CONDUCTIVE BAND

Flexible textile conductive band

Washable
Different outputs
Lighting, data acquisition, etc ...
